

Dan Terminus - « Rêverie » EP

WARNING : this EP does NOT contain my usual distorted fuckery tracks.

Instead it's composed of lighter tracks I wrote for fun.

Please, enjoy the synthpop sugary madness !

- 1- *A Happy Man***
- 2- *The Last Synthesizer (Abandoned Nightclub)***
- 3- *Paper Plane***
- 4- *Pepperoni Autodrive***
- 5- *Giant Golden Naked Woman***

All tracks by Dan Terminus
